

THE CHILD WAS DREAMING

Lyrics: Rada Stefanovic

The child was dreaming,
the child was dreaming,
all around candies dash,
to mouths here they rush.

Ice creams from the sky,
fall as much you need 'em.
and all other sweets,
are falling like the rains.

The child was dreaming,
chocolate flies in heights,
and yellow bananas,
are running all around us.

The child was dreaming,
chocolate flies in heights,
and yellow bananas,
running, running all around us.
